

We follow the following guidelines for fixing fees in Little Flower Public School, Kollamula

Cost-based approach: The fees of our school are based on the actual costs incurred by the school in infrastructure maintenance, salaries of the teaching and non-teaching staff and other utilities.

No profiteering: The fees are not used for profit-making.

Transparency: The fee structure is available for the public and details of various components are given.

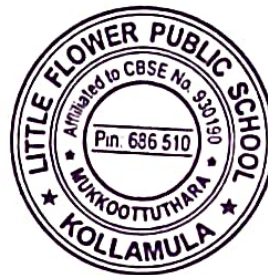

Affordability: The fees' structure considers the interests of parents and students, especially for economically weaker sections

Development plans: Fees structure includes the plans of upgrading the infrastructure, and improvements in the facilities for the students as per the needs of the times.

Comparable fees: The fees are fixed after comparing the fees of similar schools in the area.

Parent feedback: The suggestions and permission of the PTA and SMC are sought out.
